

BALCOMBE GROUP

About Us

Established in 2012, Balcombe Group is a family run business servicing the construction and maintenance needs of London and the South-East.

Having grown organically over time, we are proud that our family values have remained at the heart of our continuously expanding operation. Our staff, both on site and in our offices are an extension of our family and the principles that allowed our business to expand even in tough economic climates. We invest in the tools and training to ensure our experienced team of tradespeople and project managers remain industry leaders in executing our services.

In an industry with so much choice, we are honoured to be chosen time and time again by our clients. Our loyal base of repeat customers - both private and corporate – is testament to our workmanship and service. Here at Balcombe Group, we offer a wide range of services across all sectors to suit your needs.

Our Values

Balcombe Group is built on the five core foundations of

- Hard Working
- Dependable
- Leadership
- Respect
- Integrity

Our success can be attributed to our commitment to these values, irrespective of job size, client or budget. We take immense pride in using every opportunity given to us to showcase the skill and talents of our team to get your job done.

Old Spitalfields Market

***Quote from The Director

"Having worked in construction since I left school, it was my dream to be able to raise industry standards so that corporate clients and homeowners received the same service. I'm proud that at Balcombe, there is no limit for excellence."

– Daniel, Director

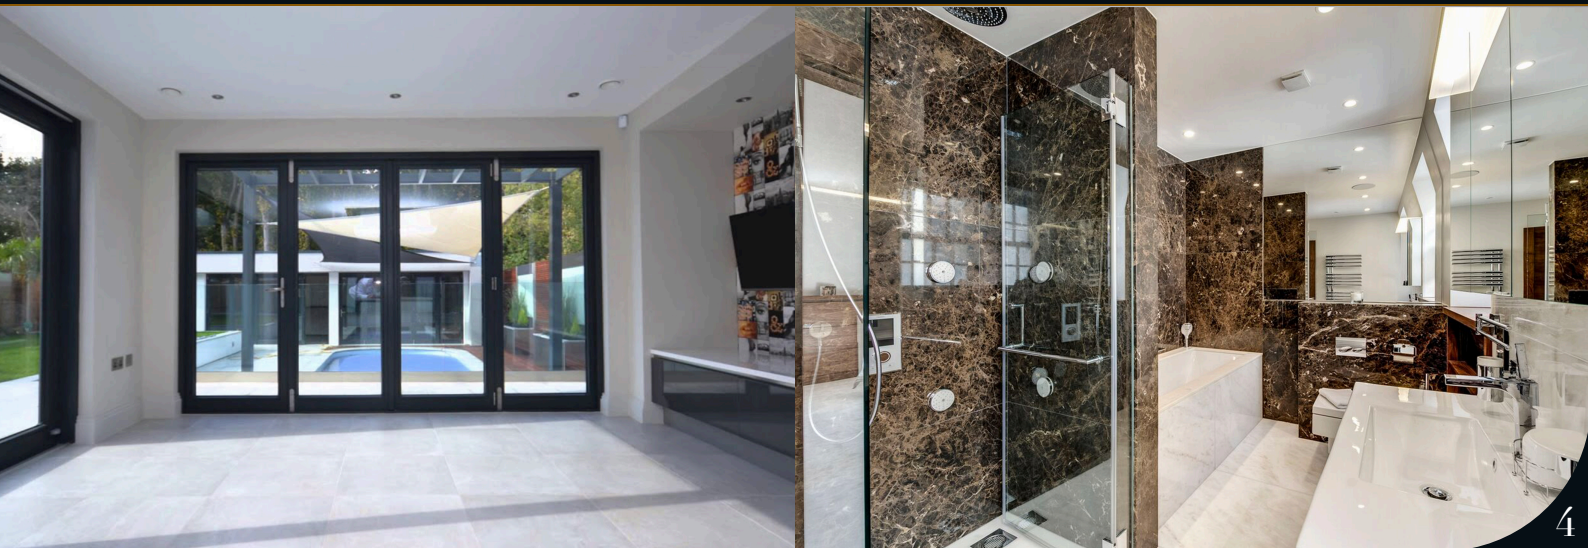

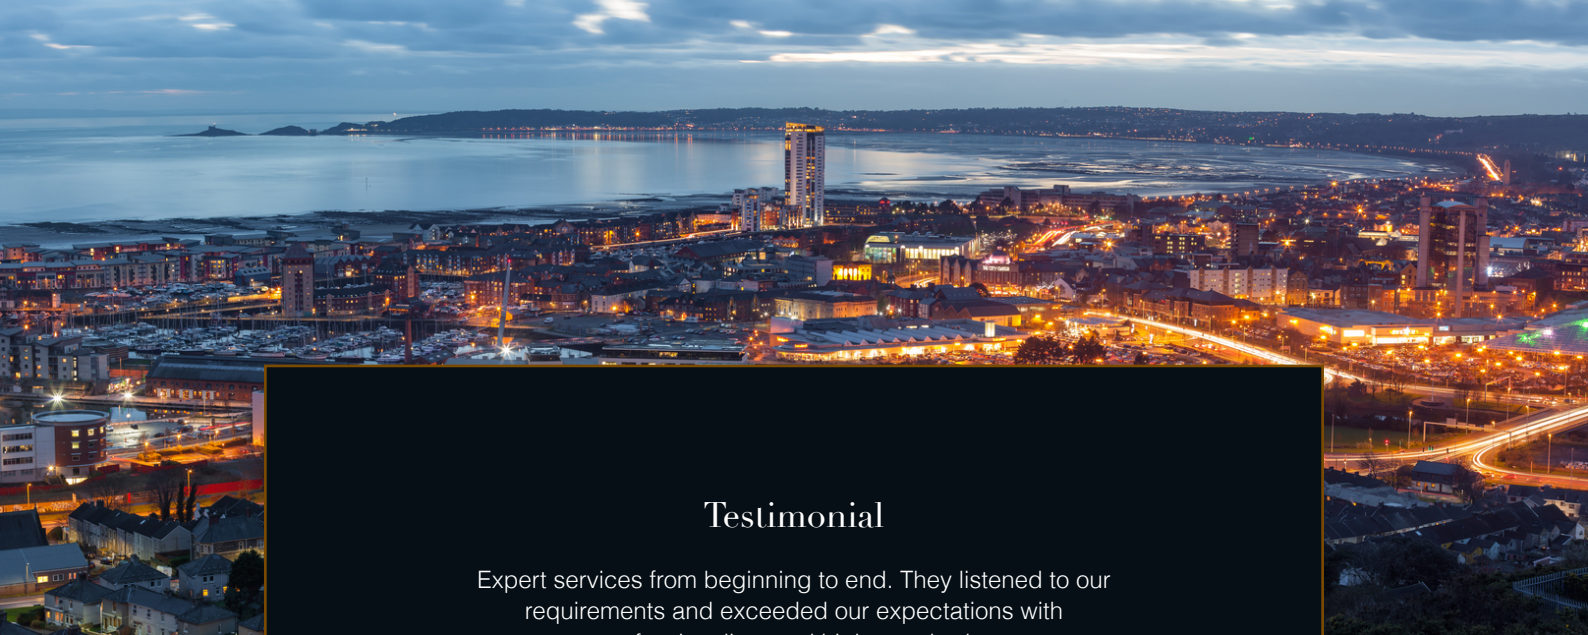

Commercial Construction Services

Our commercial construction division is experienced in delivering a range of building services to corporate clients in the private and public sectors, covering education, healthcare, retail and property management. Existing clients include City of London Academies, Tribeca Holdings, Watches of Switzerland and CBRE.

From office fitouts, shop fitting, commercial refurbishments and estate renovations, we aim to complete our work in a timely and cost-effective manner, with minimal disruption to the daily operations of the commercial premises in question.

Our project and account managers are on hand to work with you to adhere to your budget or building constraints, in order to ensure your commercial needs are met without compromising on service standards.

Testimonial

Expert services from beginning to end. They listened to our requirements and exceeded our expectations with professionalism and high standards.

- Helen Greaves

Maintenance Services

The Balcombe Group provide both commercial and domestic maintenance services which extends to a 24 hour call out reactive service providing assistance with emergency repairs and repairing / replacing damaged or dysfunctional parts, along with plumbing and drainage solutions, and window and door replacements.

We also provide preventative maintenance services, pre-empting the maintenance and servicing of various areas to avoid the occurrence of an emergency. By replacing worn parts and identifying defects, we can prevent the need for major works.

Our planned maintenance services are a popular way for our clients to make their lives easier. Allow us to schedule your annual safety checks, intermittent boiler maintenance and seasonal services to keep you running smoothly and compliantly.

Balcombe's maintenance team have supported the needs of CBRE, the Mainstay Group and the residents of numerous London boroughs.

We appreciate the upkeep of any home or business is a huge responsibility and our experienced team are well equipped to tackle all your maintenance needs, irrespective of how unexpected.

Waste Management

Beyond our construction roots, we have our own environmentally certified waste disposal service. Our professional teams provide cost-effective and conscientious solutions to commercial or domestic waste clearance. From office removals and building materials, to garden waste and household rubbish, our aim is to remove the load quickly with consideration to the environment in its disposal. Where specialist waste removal is required, we can provide efficient and reasonably priced removal and disposal, tracking waste from collection to disposal.

As a licensed Waste Carrier, we take our duty of care very seriously. All waste is transported carefully from the collection point to one of many recycling hubs. Around 95% of all waste we collect is recycled, with some items being rehomed. We take an environmentally conscious approach to what we do and comply with the government's Environmental Agency guidelines to ensure best practice.

Our waste disposal services are available for regular contracted collections, large scale clearances and the provision of waste management resources.

Residential Construction Services

A sanctuary and a space to showcase our identity, our home is quite often our greatest investment. Our residential construction services are offered with these factors in mind. Whether you need to extend and convert as your family's needs change or are seeking a full turn-key service for your new build projects, we work from concept to completion, bringing your development ideas to fruition in bricks and mortar.

Balcombe cover every aspect of residential building work; from external and internal renovations to landscaping and groundworks, we can take care of everything from the design and planning to the aesthetics delivering the 'wow' factor. Our tradespeople work with precision and respect for your property, ensuring the process is stress free with the results you dreamed of.

Neville's Story / Charity Affiliations

The Balcombe Group rebranded in 2019 in honour of our late friend, Neville Balcombe. We said goodbye to Neville following an arduous battle with cancer. It was in reflecting on our friendship with Neville and everything he stood for as an individual, it dawned on us that he encompassed everything we strive to be as a business. Trustworthy, reliable, hard-working, friendly and well-respected. Neville was the Balcombe Group personified.

As a company, we have always felt a responsibility to the broader community, supporting charities at a local and national level through various fundraising endeavours. Our family centred origins mean we are deeply committed to giving back and making a difference in line with our growing success.

During Neville's final months, he was compassionately cared for by St Peter & St James' Hospice in Sussex. The dedication to maintaining the dignity of their patients was clear and inspiring. In tribute to the excellent work carried out at St Peter & St James' Hospice, Balcombe Group have chosen to support them as our primary charity.
